

Get Creative: Problem Solving

"God doesn't want us to be shy with his gifts, but bold and loving and sensible."

2 TIMOTHY 1:7 (MSG)

For every problem that has been solved, someone got imaginative and used his or her creativity to come up with a solution. How do you think toilet paper came about, hmm? Many people think they are not creative. The fact is: if you have a pulse and are reading this, you are creative. You have the ability to generate ideas with your imagination. You can come up with ways and thoughts to solve important problems that exist in the world. The question is, are you brave enough to dig deep, believe you measure up and you are worth it? Will you get creative to make a better world?

How do you like to be creative? Fill in the treasure chest with ways you like to be creative. Some examples could be painting, drawing, song writing, poetry, dancing, making up games, cooking, writing, beading, or writing cards for others!

"Lord, give me the courage to be exactly who you created me to be."

PAUL BALOCHE
